### **EMPLOYMENT NOTICE**

The National Judicial Academy India (NJA) established under the aegis of the Supreme Court of India is fully funded by the Government of India. The bodies established by the Hon'ble Chief Justice of India as the Chairperson of the NJA govern it. The main goal of the NJA is to promote development of new ideas and facilitate sharing of the best practices across the country for strengthening the judicial system, rather than simply transmission of information available at the local/state level. The NJA provides a common forum for critical evaluation of the judicial system so as to help the system to meet expectations of the society. The judicial education programmes are designed to identify gaps and brainstorm possible systematic reform propositions. The NJA is also a forum at which senior leaders of the judiciary communicate to judges across the country information about concerns at the national level about the judicial system. The NJA is inviting applications for the following posts:
